**Safety at UVA**  
 For the safety of students, faculty, staff and visitors, the University has established lighted paths on high-traffic walking routes and has installed emergency phones around the Grounds (look for outdoor phones with a blue light). Acquaint yourself with the locations of these phones, and use safety precautions, particularly at night. For more information or to report a crime, call the University Police at (434) 924-7166.

**Visitor Parking and Parking for People with Disabilities**  
 Hourly visitor parking and parking for persons with disabilities are available throughout the Grounds in many surface lots and in almost all parking garages. For more information on parking for persons with disabilities, please go to <http://gis.virginia.edu/Pages/Accessibility.aspx> or call (434) 924-7231.

**Hospital and Primary Care Center Parking**  
 At the Medical Center, parking is available in the Lee Street Patient Parking Garage (patients and visitors to patients only). The 11th Street Parking Garage is available to patients, visitors/guests, and employees with authorized permits. Have your garage ticket validated at the clinic you are visiting (for patients) or the Information Desk in the hospital main lobby (for patients' visitors). Guests to staff, vendors, and other visitors, and permit holders should park in the 11th Street Parking Garage on levels C-G. Information on other parking issues, including oversize vehicles, is available at the hospital entrance. For Medical Center questions or special assistance, call (434) 924-DOCS (3627) or (800) 251-3627 (toll-free).
